

# Nicolás Vecchio, DVM, DACVS, CCRT

## Nicolás Vecchio, DVM, DACVS, CCRT

Dr. Vecchio has been a tremendous addition to Indyvet since joining the staff in 2011. An Argentina native, Dr. Vecchio is a 2002 graduate of the National University of La Plata, in Buenos Aires. While in Argentina, Dr. Vecchio worked at the veterinary school teaching surgery for 4 years and also worked in private practice.

Dr. Vecchio completed a fellowship in anesthesia and another in endoscopy at two different human hospitals. After relocating to the United States, Dr. Vecchio practiced in Memphis, Tennessee both in general and specialty practice. He moved to Baton Rouge, Louisiana to complete a rotating internship in companion animal medicine and surgery in 2007. He then moved back to Memphis to complete a 1-year surgical internship and a 3-year small animal surgical residency at MedVet Memphis.

Dr. Vecchio has a prolific interdisciplinary research record with multiple publications. His research interests include cardiovascular surgery, thoracic organ transplantation, and orthopedic surgery. He also has extensive experience and expertise in wound healing and reconstructive surgery.

Hospital Association

Emergency & Specialty Hospital

Where care comes first.

# Surgery

## Surgery

Our surgeons have more than 30 years of combined experience in surgery. We perform many varieties of orthopedic, traumatologic, neurological, thoracic cardiovascular, abdominal, and reconstructive surgery. A wide variety of minimally invasive procedures are performed routinely. Some of these are diagnostic and therapeutic arthroscopy, thoracoscopy, and laparoscopy. Our surgical team is comprised of more than ten highly trained staff. We perform emergency procedures 24 hours a day to maximize positive outcome and optimize patient care.

## Some of the Surgical Procedures Commonly Performed by IndyVet.

- Total Hip Replacement
- Orthopedics & Traumatology
- Neurosurgery
- Thoracic & Cardiovascular Surgery
- Abdominal Surgery
- Head & Neck Surgery
- Oncologic Surgery
- Reconstructive & Plastic Surgery
- Minimally Invasive Surgery

Our goal is to become an extension of your practice and to develop a long term relationship that will make the referral process as comfortable and efficient as possible for you and your clients.
