

# Indianapolis Veterinary Emergency Center

Facility & Services • Open 24/7/365

## People You Can Depend On, People You Can Trust

Indianapolis Veterinary Emergency Center is a 24-hour emergency, critical care, and referral practice for small animals. Our building is a 22,000 square foot facility. The owner, Dr. James Speiser is a Diplomate of the American Board of Veterinary Practitioners designated as a Specialist, Companion Animals, and has been practicing for over 30 years.

Dr. Speiser has what many consider to be the most advanced diagnostic and surgical private practice in the state of Indiana. His mission has been to provide a reliable and affordable facility for complex medical and surgical cases as well as critical care.

## Dedication

Since emergencies are rarely scheduled, we are open 24 hours a day, 7 days a week, 365 days a year. Our dedicated staff of veterinarians, veterinary technicians and assistants work around-the-clock monitoring, treating, and caring for each pet. We ensure that a specially trained doctor is available at all times and our highly qualified and trained staff has the expertise and understanding necessary to treat your pet.
